Notice of Designation as Qualified Institutional Investor

This is to give notice that as of June 1, 2013, the Company is designated a qualified institutional investor pursuant to the regulations of the Financial Services Agency.

As part of its expansion strategy, in the future growth market for renewable energy, the Company assigns in the wider market a central position to the market for solar energy power generation. The Company has been working to identify investment propositions in this field and owns several sites for solar energy power generation.

The Company will in future, as a qualified institutional investor, seek to acquire equity in land for solar energy power generation and work to further expand its operations.
