Notice on Commencement of Electric Power Selling by Small Wind Power Plant in Oma-machi, Shimokita-gun, Aomori Pref.

We gladly announce that system interconnection of one small wind power generation facility (power output: 19.5kW) installed in Oma-machi, Shimokita-gun, Aomori Pref. was safely completed at our group company, GP Energy 3, Co., Ltd. (hereafter "GPE3") on April 20, as announced in "Notice on Acquirement of Small Wind Power Generating Facilities in Shimokita-gun, Aomori Pref." dated September 4, 2017.

Oma-machi, Shimokita-gun, Aomori Pref., where the facility was installed this time is located in the Tohoku region where the wind conditions are said to be comparably better than all other areas in Japan, and we expect that operation of this plant will become the footing of future penetration and expansion of small wind power facilities of our goal.

Our group will aim for improvement of profitability and will proceed with social contribution including penetration and promotion of natural environment-friendly renewable energy and reduction of environmental load by construction and operation of power plants using renewable energy.

1. Specifications of windmill equipment

(1) Windmill	CF20JAPAN
(2) Maximum output	19.5kW
(3) Rated wind speed	9.0m/s
(4) Cut-in wind speed	2.2m/s
(5) Cut-out wind speed	25m/s
(6) Hub height	20m
(7) Rotor diameter	13.1m
