Notice on Development of Small Wind Power Plants by Sustainable Loan

Please be informed that our consolidated subsidiary, Tamagawa Energy, Co., Ltd. has decided to newly develop 15 small wind power plants by entering into the sustainable loan agreement with The Kagawa Bank, Ltd.

1. Overview

Our consolidated subsidiary, Tamagawa Energy, Co., Ltd. has decided to newly develop 15 small wind power plants by entering into the sustainable loan agreement with The Kagawa Bank, Ltd. We have actively promoted development of small power plants to contribute to spreading and expansion of renewable energy and achievement of decarbonizing society and have focused on development of small power plants mainly in Hokkaido.

This sustainable loan is the loan to encourage the companies' sustainability management and renewable energy business to reduce the risk of climate change by practice of our ESG management (environment/ society/ governance) and engagement in SDGs (sustainable development goals).

We will newly engage in this project where 15 small wind power plants of 55 yen/kWh of the fixed purchase price for 20 years are located in the land with good wind condition in Hokkaido and will promote the development in aiming for early interconnection.

We will accelerate spreading and expansion of renewable energy in Japan and engage in further expansion of development scale of small wind power plants.

Our group will continue to work on ESG activities and SDGs to achieve the decarbonizing society.

2. Project overview

- (1) Bank for loan: The Kagawa Bank, Ltd.
- (2) Agreement date: June 17, 2022
- (3) Scheduled number for development: 15 units (small wind power by GHRE, 19.2 kW/unit)
- (4) Annual power generation (forecast): Approx. 1,100,000kWh
- (5) Scheduled starting time of power selling: November 2022 (scheduled)

3. Future perspective

An impact on our consolidated business performance, etc. from development of the plants of concern is minor.
