Notice on Development of Small Wind Power Plants by Bank Loan

As announced in the "Notice on Development of Small Wind Power Plants by Bank Loan" dated March 31, 2022, our consolidated subsidiary, Tamagawa Energy, Co., Ltd. has proceeded with development of 5 units of small wind power plants in Ishikari City and Rankoshi-cho, Hokkaido Prefecture. Please be informed that construction of 4 units of such small wind power plants has been now interconnected.

1. Overview

Tamagawa Energy, Co., Ltd., our consolidated subsidiary, has proceeded with development of 5 units of small wind power plants in Ishikari City and Rankoshi-cho, Hokkaido Prefecture.

As announced in "Notice on Development of Small Wind Power Plants by Bank Loan" dated November 28, 2022, 1 unit was interconnected and 4 units were being prepared for interconnection.

This time, we are pleased to inform that the 4 units has also been interconnected.

Accordingly, all the 5 units of small wind power plants being developed have been interconnected.

We will continue to work on ESG activities and SDGs to achieve the decarbonizing society.

2. Project overview

(1) Location: Ishikari City and Rankoshi-cho, Hokkaido Prefecture

(2) Business owner: Tamagawa Energy, Co., Ltd.

(3) Scheduled number for development: 5 units
(small wind power by GHRE, 19.2 kW/unit)

(4) Progress of completion and interconnection:
August 31, 2022: 4 units completed
September 8, 2022: 1 unit completed
November 28, 2022: 1 unit interconnected
December 13, 2022: 4 units interconnected

(5) Annual power generation (forecast): Approx. 362,431kWh

3. Future perspective

An impact on our consolidated business performance, etc. from interconnection of the plants of concern is minor.
