## Notice on Expansion at Kojindake Solar Plant in Goto City, Nagasaki Pref.

With regard to Kojindake Solar Plant in Goto City, Nagasaki Pref. (hereafter "the Power Plant") held by our consolidated subsidiary GP Energy 2 Co., Ltd., we have expanded approx. 500kw this time to be finally approx. 5.8MW megasolar plant.

### 1. Outline

The Power Plant is an approx. 5.3MW large scale megasolar plant connected with an extra-high voltage for the first time in our group, and has been favorably operated since we started selling electricity on March 30, 2019.

This time, we are planning to expand approx. 500KW solar panels, and the expansion has been successfully applied to Ministry of Economy, Trade and Industry. The power generation scale can be expanded with 36 yen of feed-in tariff, and the construction of expansion area is scheduled to be completed by the end of March 2020.

Our group will continue to be engaged in CO<sub>2</sub> reduction, countermeasures for global warming, and reduction of environmental load as social contributions also after this.
